

Commercial Banks, the existence of dual control restricts the flexibility of Reserve Bank in dealing with UCBs facing financial weakness. Further, Reserve Bank of India's Annual Policy Statement, for the year 2004-05, refers to the issuance of fresh licence to UCB Sector. It stipulates that in order to make this sector strong, healthy and stable, fresh licences will be issued only after a comprehensive policy on UCBs, including an appropriate legal and regulatory framework, is put in place. In accordance with the announcement, any fresh proposal for organization of new UCBs or for conversion of cooperative credit societies into UCBs is to be considered only after the situation is reviewed and a fresh announcement is made by Reserve Bank of India in this regard. As a first step, in view of the regulatory co-ordination brought about through signing of MoUs with State Governments and based on the positive experience of the Task Force for Urban Cooperative Banks (TFUCBs), it was proposed in the Mid-term Review to allow financially sound UCBs registered in States that have signed MoU with the Reserve Bank of India and those registered under the Multi-State Co-operative Societies Act, 2002 to convert existing extension counters into full fledged branches subject to certain conditions. Guidelines in this regard have been issued to UCBs on November 13, 2006.

For new branches/licences, RBI has informed that only upon completion of review of each State in regard to the progress of restructuring of UCBs, it would permit new branches/licences.

### **Foreign AID received by Charitable Institutions**
